

Goggle Accessories

If you want a roll-off system that works good in all conditions and have all spare parts, then there is only one choice, the CC roll-off system above. They can be fitted to all goggles.

Rolls with the torx/slot pin to the left is used on all new roll-off system like CC, transparent Smith, new Scott, Rip'n'roll systems that are fitted on many goggle brands.

The round/slot pin to the right are used on all old non-transparent Smith systems and the old Scott ones that were made by Smith.

Goggle Accessories
